Dear Mr. Weisberg,

First, let me say I applaud your long and continuous quest for the truth of what happened that fateful day, November 22, 1963.

I am at the present time working on a compilation of the various interpretations of the Zapruder film done by the JFK research community with respect to the number of shots, origin of the shots, Z-film frame number and who was struck by the shot. I plan to do a computer analysis of this data. Since you have examined and studied the Z-film in detail as well as other photographic evidence I would appreciate your assessment as to the number of shots, etc.

Thanks for your latest work, *Case Open*. I would very much like to have the more detailed indictment of Posner as mentioned on page 169. Mr. Weisberg, do you have the following Commission Documents in your files?

CD321	CD347	CD384	CD528	CD631
CD674	CD692	CD698	CD871	CD931
CD1216				
CD1222				

Also, can we make arrangements for me to see your files? I would particularly like to review your file of Oswald's writings.

I thank you for your consideration of these requests.

Sincerely yours,

William C. Beck

Dear Mr. Beck,

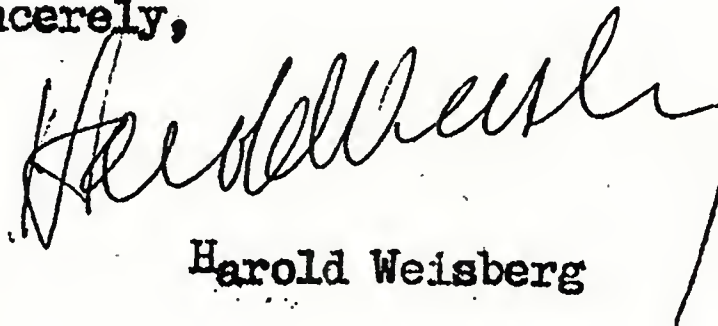

Thanks for your letter. I appreciate the kind things you said about me.

The full text of what I wrote that appeared as Case Open has not yet been retyped. What the book was intended to say is that for the future it will be available to scholars at Hood College here in Frederick and at the University of Wisconsin at Stevens Point. I'm 81, unwell and doing that will be impossible for me now. I am too limited in what I am able to do and I want to spend as much of the time that remains for me perfecting the record for history. That is to say in my own writing.

You are welcome to see my files and to go over Oswald's writings.

I no longer recall what CDs I have. I suggest the best way of getting them may be to go to the AARC at 918 F St., NW, #510, Washington 20004 and ask them. They have many of them on file and can when they have the help make the copies.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Harold Weisberg', with a long, sweeping horizontal stroke extending to the right.
